Bachelor of Business Administration in Management

The Bachelor of Business Administration in Management prepares students to become successful and strategic professionals capable of understanding and managing all aspects of business. Students develop skills in leadership, critical-thinking, communication and interpersonal skills to lead teams effectively and contribute to an organization's success.

Career Prospects in Management

Graduates of the Bachelor of Business Administration in Management are prepared for a career in business with a foundation in principles of business such as; management, finance, statistics, accounting and more. The program equips students with increased proficiency in various skills such as; communication, effective supervision, technology, and decision making in order to advance as business leaders within their organization and communities. Graduates enter the workforce as managers and supervisors and take advantage of a multitude of career opportunities. South Florida and its global partners, such as Latin America, are great locations to grow a Management career. Earning this credential opens the doors to a variety of career paths in today's corporate world.
